PROJECTS

Course Administration System

Fall 2018, Summer 2019

- Developed a course registration and administration application using **Serialization**, **JSwing**, and **JPanel** all built within **Java** infrastructure.
- Read and wrote to CSV files for course management, including Admin/Student privileges. Additionally, managed user data credentials with registration for new users.

Personal Website

Summer 2019

- Designed and developed a user-friendly website in **HTML**, **CSS**, and **Javascript**. Website includes personal information and a short description.
- Created a personal logo and intuitive organization of personal websites and projects tied to Github.

WORK EXPERIENCES

Administrative Assistant, NYU Rory Meyers School of Nursing

September 2018 – Abroad

- General office aide including updating excel spreadsheets, filing, and scanning documents into the cloud.
- Working alongside supervisors to streamline the course evaluation processes.
- Prepared the space and relevant papers for weekly meetings, exams, and courses.

Lab Assistant, NYU Landy Lab

September 2018 – Abroad

- Daily activities including data collection using **Python** and **R**, and research on relevant literature for weekly meetings.
- Worked alongside two graduate students to research in hemi-spatial neglect and spatial perception with regards to vision and hearing.

VOLUNTEER/LEADERSHIP EXPERIENCES

Marketing Executive Board Member, NYU Asian Heritage Month (AHM)

September 2018 – Present

- Appointed to design the marketing video, manage the Facebook and Instagram pages, and take pictures/record videos of the event for AHM's Fall Festival and Let's Talk.
- Worked alongside logistics and public relations to introduce and event performers.

Marketing Executive Board Member, NYU Hong Kong Student Association (HKSA)

February 2018 – June 2018

- Worked as part of the marketing campaign for HKSA to plan HKSA's biggest event of the year;
- Appointed to make the menus, plan and aid the event video, and T-shirt design within the marketing team.
- Worked individually and alongside the logistics team to design two menus: one in English, one in Chinese.
